Application for Exhibition and Execution of Regulations

The application process for the exhibition is deemed to have been officially completed when the applicant has signed the application form after entering all the necessary information in it, and the organizer has approved it. At that point, the exhibitor is regarded as having agreed with the "Exhibition Regulations" and will be obliged to abide by all the regulations and rules (as in the Application Form, Exhibition Essentials, etc.) stipulated by the organizer.

Should it become clear that the exhibitor has violated any of the regulations or rules, the organizer, without officially announcing the ground for its judgment, shall reserve the right to cancel the exhibitor's participation at any time and order the exhibitor to withdraw or modify its booth(s), exhibits and/or decorations. In that case, the organizer shall not refund the exhibition fee and compensate for related costs (damages sustained by the exhibitor and/or its parties concerned).

2 Exhibitor Eligibility -

The exhibition is a trade fair for people from the food industry. As such, the organizer will not accept any exhibits the nature of which has nothing to do with the food industry. In accordance with this principle, the organizer reserves the right to deny the participation of any applicant whose proposed exhibits have nothing to do with the food industry. The organizer also has the right to cancel the participation of a successful applicant at any time if their documents are found to contain false or misleading information.

*As for the Sixth-Order Industrialization Fair, Niigata, exhibitors will be limited to food-related businesses moving forward with sixth-order industrialization or agriculture-commerce-industry collaboration.

6 Cancellation of your Participation

Your participation in the event may be canceled by the organizer in the following cases:

On or after Saturday, August 30, 2025	100% of the exhibition fee

8 Booth Layout (booth location)

The organizer will determine the overall layout (and location) of booths, taking into account the number of booths, the order in which applications were received, exhibitors' past activity, the content of each exhibit and so forth.

Please note, however, that there may be cases where we cannot allow your request.
